

Profili XL Design, per design di grande tendenza.
XL Design profiles, for a design of great trend.

Leggerezza e versatilità, in grande.
Lightness and versatility, in large size.

Le grandi lastre aprono a nuove soluzioni architettoniche e rivoluzionano il concetto di spazio, ma sono i dettagli ad esaltarne il disegno, la luce e la bellezza. XL Design è una linea di profili pensata e realizzata per enfatizzare le dimensioni delle lastre di grande formato. Si adattano a qualsiasi tipo di applicazione a rivestimento con grande versatilità e, combinati tra loro, arricchiscono con leggerezza ambienti pubblici e privati.

Large-size slabs give the possibility to create new architectural solutions and to revolutionise the concept of space, but what enhances the design, the light and the beauty is the detail. XL Design is a line of profiles designed and created to highlight the dimensions of large slabs. They adapt to any kind of wall covering with great versatility and, combined with each other, enrich both private and public spaces with lightness.

Prolist XL Design, esaltatore di superfici. Prolist XL Design, surfaces' enhancer.

Listelli decorativi che valorizzano le lastre di grande formato, esaltandone le superfici. Grazie alla loro particolare sezione, creano originali giochi di luce che li trasformano in veri e propri elementi decorativi. Disponibili in alluminio, con diverse finiture, e in ottone cromato.

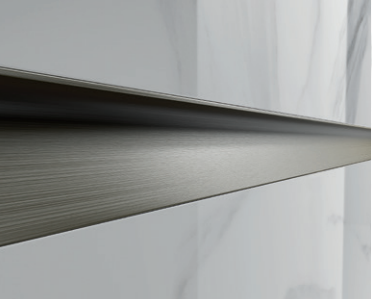

Decorative listellos that add value to large-size ceramic slabs, thus highlighting their surfaces. Thanks to their particular section, these profiles create original plays of light which transform them into real decorative elements. Available in aluminium, with different finishes, and in chromium-plated brass.
