La nostra terra I SUOI FRUTTI

Its fruits

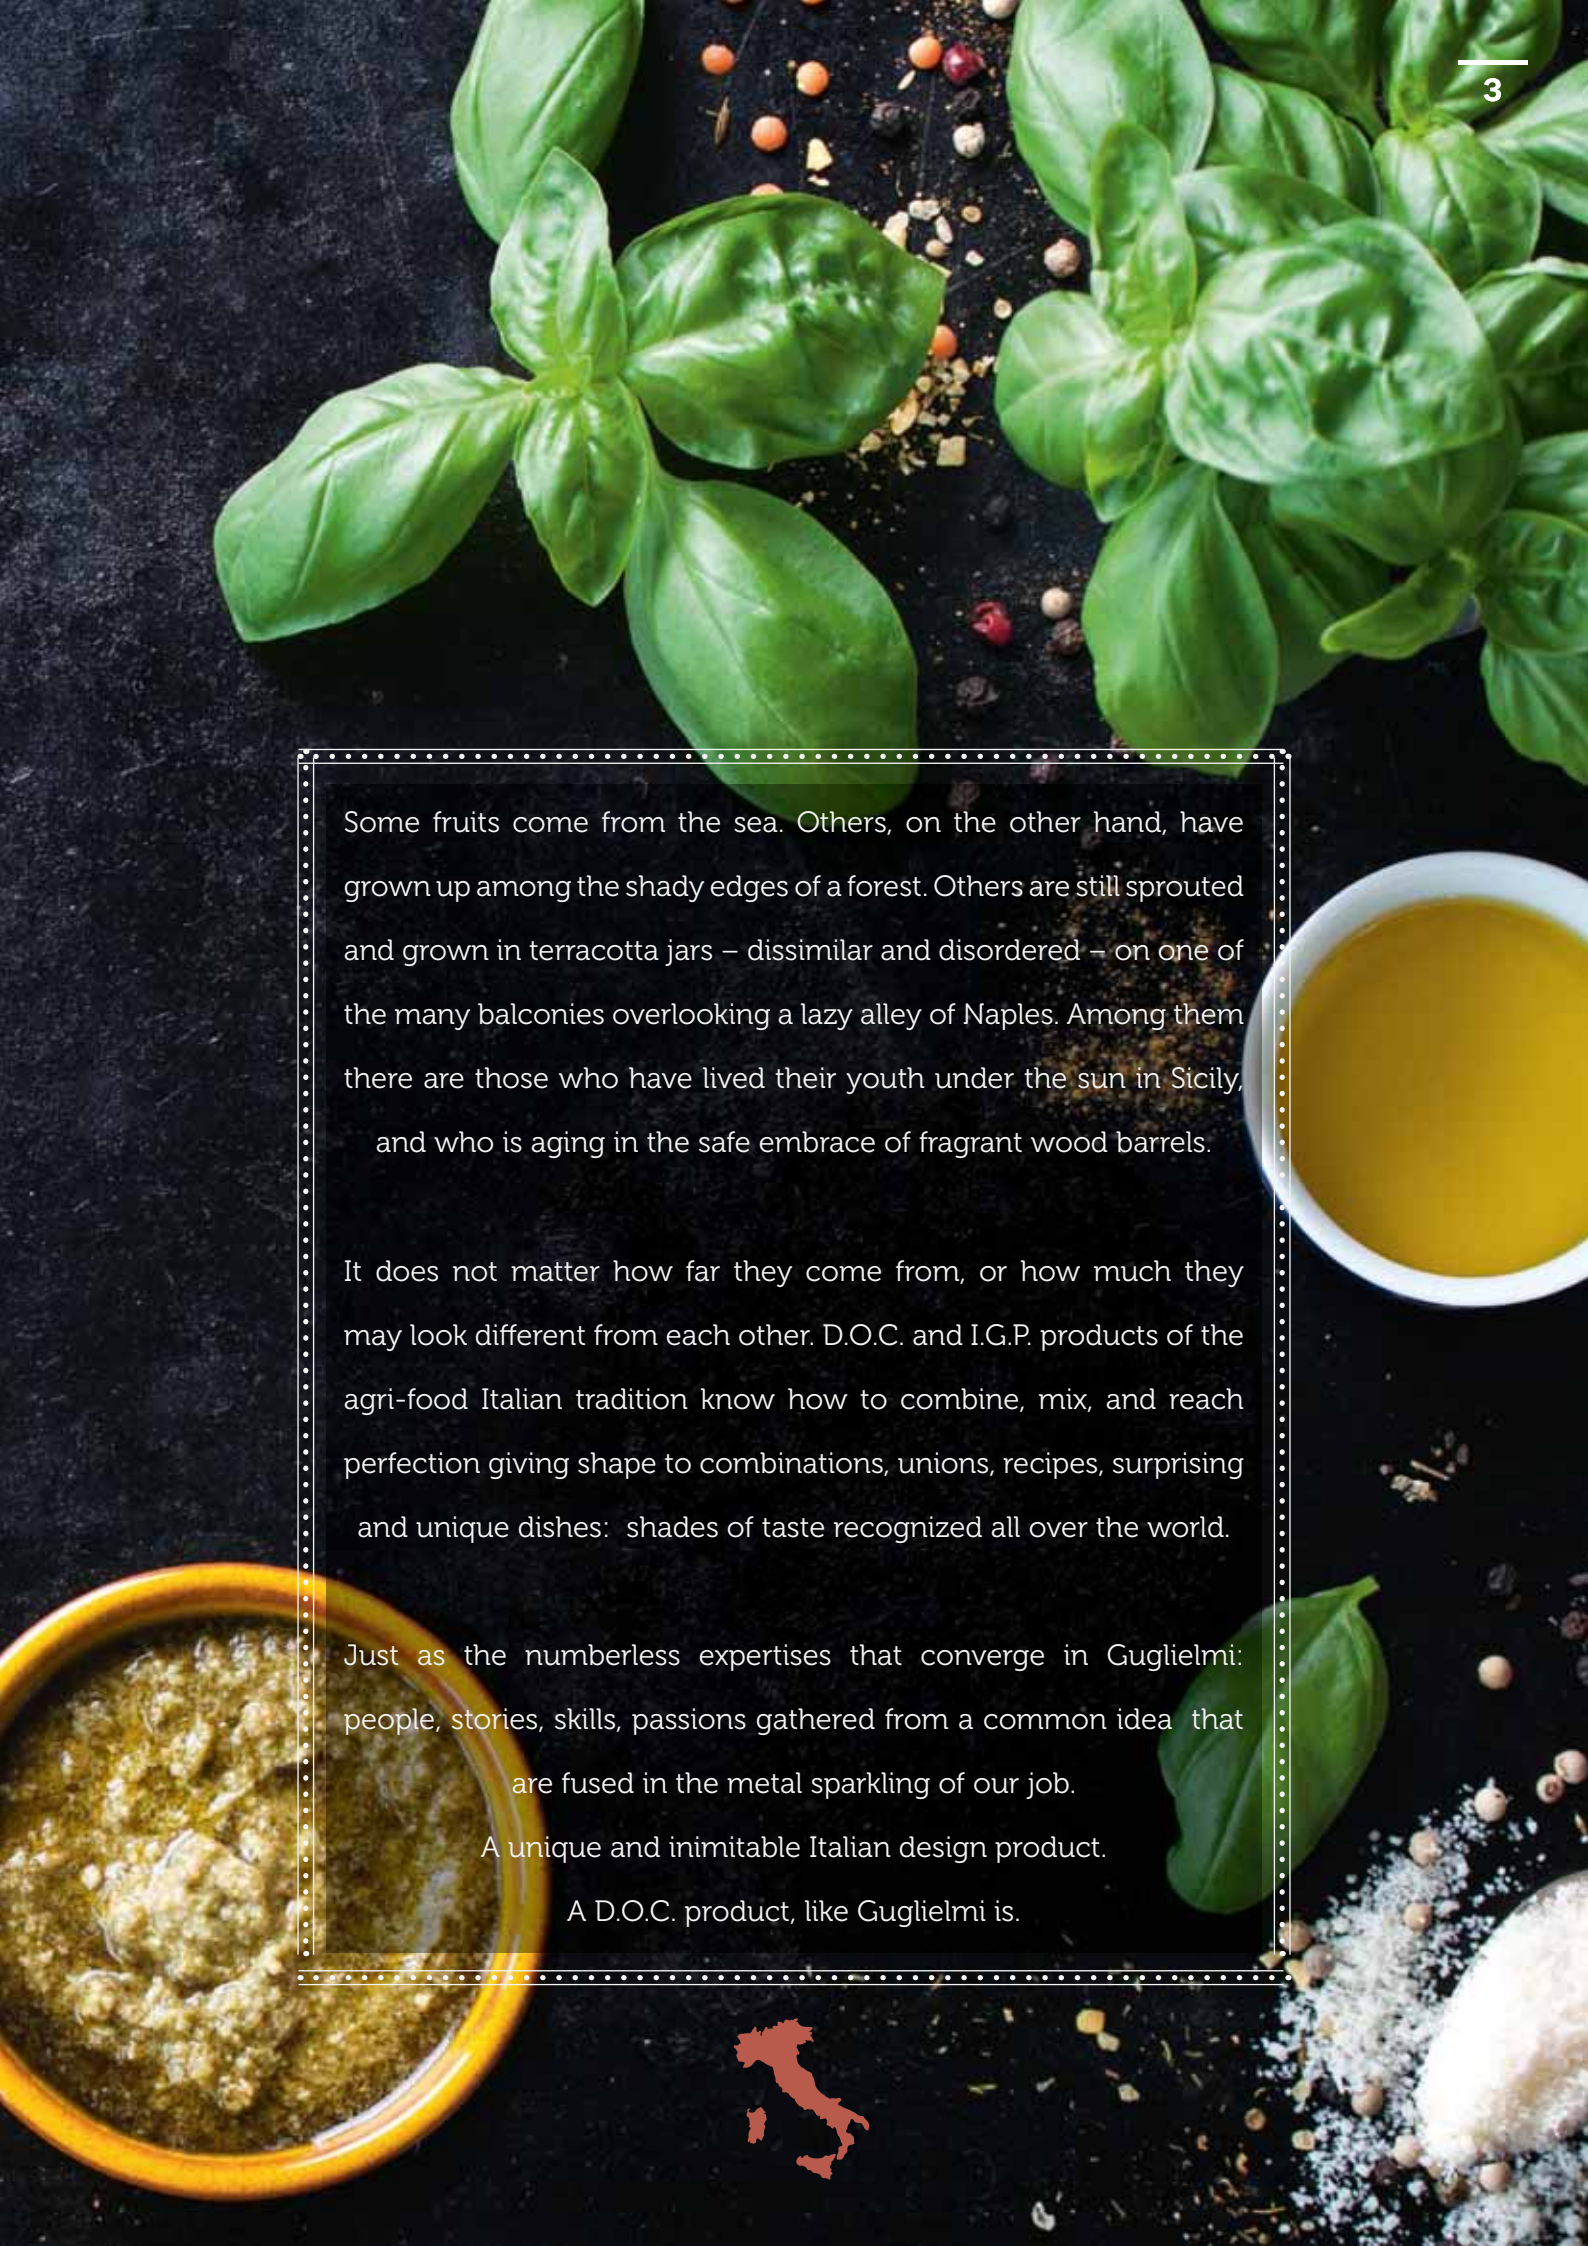

Alcuni di essi provengono dal mare. Altri, invece, sono cresciuti tra le fronde ombrose di un bosco. Altri ancora sono germogliati e cresciuti in vasetti di terracotta – dissimili e disordinati – in uno dei tanti balconi che affacciano su un chiassoso vicolo di Napoli. Tra di essi vi è chi ha vissuto la propria giovinezza sotto al sole della Sicilia, e chi è invecchiato nell’abbraccio sicuro di botti di legno profumato.

Non importa da quanto lontano provengano, o quanto possano apparire differenti tra loro. I prodotti D.O.C. e I.G.P. della tradizione agroalimentare italiana sanno incontrarsi e mescolarsi, abbinarsi alla perfezione, dando forma a piatti, leccornie, ricette e pietanze uniche: sfumature di gusto riconosciute in tutto il mondo.

Proprio come le tante professionalità che convergono in Guglielmi: persone, storie, competenze, passioni che, riunite da un’idea comune, sono fuse nel metallo scintillante di ciò che facciamo.

Un prodotto dal design italiano unico ed inimitabile.

Un prodotto D.O.C., come Guglielmi.

Some fruits come from the sea. Others, on the other hand, have grown up among the shady edges of a forest. Others are still sprouted and grown in terracotta jars – dissimilar and disordered – on one of the many balconies overlooking a lazy alley of Naples. Among them there are those who have lived their youth under the sun in Sicily, and who is aging in the safe embrace of fragrant wood barrels.

It does not matter how far they come from, or how much they may look different from each other. D.O.C. and I.G.P. products of the agri-food Italian tradition know how to combine, mix, and reach perfection giving shape to combinations, unions, recipes, surprising and unique dishes: shades of taste recognized all over the world.

Just as the numberless expertises that converge in Guglielmi: people, stories, skills, passions gathered from a common idea that are fused in the metal sparkling of our job.

A unique and inimitable Italian design product.

A D.O.C. product, like Guglielmi is.
